

Sexual Health is Changing

What you need to know

We will be shifting our focus to better provide sexual health care to those that really need to be seen by us. This means that we may recommend some people with a sexual health concern see their GP (family doctor), Family Planning or other health care service first. We will be working with these other services to make sure you can access quality care.

Please be aware Auckland Regional Sexual Health Service is making changes to its services from

1st July 2015

1

Complete an online assessment at www.ashs.org.nz to see what service is right for you

How do I make an appointment?

2

Ring us on 0800 SEXHEALTH (0800 739 432) to speak to a nurse

3

Talk to your GP (family doctor) or primary care provider about referral to us

We want to make sure that everyone gets the sexual health care they need. So if you are not sure where to go please check our website or give us a ring. We will either book an appointment at our service or we will support you to get access to the best service to best meet your sexual health needs.

auckland
sexual health
service

We will continue to provide expert sexual health care to people in the Auckland city-region.

Location and time of clinics may change in the future so please check on our website for the latest information.
